Summary

Security Operations Engineer with 6+ years of experience securing cloud platforms and applications. Proven record of cutting AWS costs by 30%, achieving ISO 27001 certification, and building scalable DevSecOps pipelines. Skilled in AWS security, penetration testing, and container hardening, with two **Extra Mile Awards** for driving compliance and automation excellence.

Skills

Security & Cloud: Penetration Testing, Cloud Security, Container Security, Secure SDLC, Encryption Techniques, OWASP Top 10

Tools: Burp Suite, AWS (WAF, CloudWatch, Lambda, Security Hub, CloudTrail), AWS CDK, CloudFormation, Wireshark, Nmap

Databases: PostgreSQL, MySQL

Programming: TypeScript, Python, NodeJS

Experience

Great Learning — **Bangalore, India**
Lead Security Operation Engineer — *May 2025 – Present*

- Cut AWS expenditure **30%** by migrating workloads to ARM compute and implementing autoscaling.
- Maintained **ISO 27001 compliance** through disaster recovery drills, user access reviews, and audits.
- Enhanced cloud security by integrating **CSPM & SAST tools** into CI/CD, improving misconfiguration detection.
- Boosted application performance **20–30%** via stack modernization and container optimization.
- Upgraded major databases, achieving **5% cost savings** and **10% performance gains**.
- Migrated environments to **IaC (AWS CDK, CloudFormation)** for consistent, auditable deployments.
- Delivered patching, monitoring, and incident resolution for critical infrastructure, improving reliability.
- **Achievement:** Honored with the **Extra Mile Award (May 2025)** for cost optimization and security leadership.

Great Learning — **Bangalore, India**
Senior Security Operation Engineer — *Apr 2022 – May 2025*

- Architected cloud security aligned with **CIS AWS Benchmarks** and best practices.
- Deployed **AWS WAF & CDK-based DR systems**, reducing recovery time by **30%**.
- Achieved **ISO27001:2013 certification** by authoring policies and governance documentation.
- Conducted penetration testing & vulnerability assessments; reduced critical issues **25%** using Snyk & CodeQL.
- Automated security workflows with AWS Lambda, reducing MTTR significantly.
- Championed **DevSecOps practices**, embedding security into development pipelines.
- Strengthened resilience with IAM hardening, CloudTrail monitoring, and DDoS prevention.
- Hardened Docker images and container deployments, reducing attack surface.
- **Achievement:** Received the **Extra Mile Award (Sep 2023)** for ISO certification success and advancing DevSecOps adoption.

Great Learning — **Bangalore, India**
Security Engineer — *Feb 2021 – May 2022*

- Conducted penetration testing & source code reviews, ensuring secure practices.
- Performed **mobile app penetration testing (iOS & Android)** aligned with **OWASP Top 10**.
- Orchestrated phishing simulations & training, reducing employee risk behavior by **35%**.
- Delivered WAF monitoring and assessment activities, strengthening incident detection.
- Standardized security reporting and risk visibility for leadership decision-making.

Great Learning — **Delhi, India**
Cyber Security Instructor — *Sep 2019 – Feb 2021*

- Delivered penetration testing training sessions and mentored students.
- Developed and updated cybersecurity curriculum content.
- Troubleshot technical lab issues and guided student reports.

Great Learning **Bangalore, India**
Cyber Security Intern *Jun 2019 – Aug 2019*

- Supported Stanford's Computer Security program with content & lab development.
- Established a cybersecurity lab environment for the ACSP program.

IEEE **Remote,USA**
Education Program Assistant *Oct 2020 – Apr 2021*

- Authored and published technical content for TryEngineering.org.
- Enhanced analytics tracking and supported curriculum development for TESI.

Enciphers **Remote,India**
Penetration Tester Intern *Aug 2018 – Sep 2018*

- Conducted penetration testing & bug discovery, documenting vulnerabilities.
- Designed training labs and authored technical blog content.

Education

Maharaja Surajmal Institute of Technology **Delhi, India**
B.Tech, Computer Science & Engineering *2017 – 2020*

Government Polytechnic College **Mohali, India**
Diploma, Computer Science & Engineering *2013 – 2016*

Achievements

Extra Mile Award – Great Learning (Sep 2023, May 2025) for exceptional contributions to ISO certification, DevSecOps adoption, and cloud cost/security optimization.
